

EICS One-To-One User Agreement

Purpose:

In order to empower our students to use technology in learning environments that support student-centred, personalized and authentic learning we encourage students to bring their own device to help achieve this learning experience. Students that wish to participate must follow the guidelines listed below as well as follow the Responsible Use Agreement for Technology.

A personally owned device must meet the educational needs of the school and district. The ability for a student to use any form of technology within school is a privilege. If the student doesn't follow the guidelines the student may lose the privilege of using the device and network access may be suspended.

Guidelines:

1. Any student who wishes to use a personally owned electronic device within Elk Island Catholic Schools must:
 - a. Read and sign the user agreement form with a parent/guardian
 - b. Submit signed agreement to homeroom teacher
2. The student shall take full responsibility for their device and keep it with themselves at all times or locked in a secure location. EICS shall not be liable for the loss, damage, misuse or theft of any personally owned device brought to school.
3. The student is responsible for the proper care of his or her personal device, including any costs to repair, replacement or any modifications needed to use the device at school.
4. Cell phones are not allowed as phones must be placed in airplane mode (this means phones calls and text messages cannot be sent, or received). Students must access the school WiFi network. Alternate WiFi or cellular access will not be allowed.
5. The student must comply with a staff request to shutdown the device or put the screen to sleep.
6. Personal devices shall be charged prior to bringing them to school and shall be capable of running off their own battery while at school.
7. The student may not use the device to record, transmit or post photos or video of a person or persons on campus without the express permission of a teacher and filmed subject.
8. The student should have working knowledge of their personally owned device prior to bringing it into the learning environment. EICS staff will not be responsible for troubleshooting student owned devices.
9. The school reserves the right to inspect a student's personal device if there is reason to believe that the student has violated Board policies, Administrative Procedures, school rules or has engaged in other misconduct while using this device. Appropriate action will be taken if illegal or inappropriate content is found.
10. Violation of any EICS School Board policies, Administrative Procedures, Responsible Use Agreement, this user agreement or school rules involving a student's personally owned device may result in the loss of use of the device in school and/or disciplinary action.

As a student, I understand and will abide by the above guidelines and expectations of this agreement.
